THE GRACE ACADEMY - OVERVIEW

Our Philosophy

The Grace Academy (K-12) is a ministry of Grace Brethren Church and School. It is an outreach that seeks to provide an alternative learning environment to students who are not enrolled in a full-time, traditional educational program. The academy offers varied levels of participation, depending upon the specific needs of each student. The Grace Academy is specifically designed for Christian families. Both the participating student and at least one parent must profess Christ as Lord and Savior. Participating families must also be active participants of a Christ centered, Bible teaching church. TGA is not an accredited institution.
